The Ethnic Cleansing of Palestine By Ilan Pappé

Renowned Israeli historian, Ilan Pappé's groundbreaking book revisits the formation of the State of Israel. Between 1947 and 1949, over 400 Palestinian villages were deliberately destroyed, civilians were massacred and around a million men, women, and children were expelled from their homes at gunpoint.

Denied for almost six decades, had it happened today it could only have been called "ethnic cleansing". Decisively debunking the myth that the Palestinian population left of their own accord in the course of this war, Ilan Pappé offers impressive archival evidence to demonstrate that, from its very inception, a central plank in Israel's founding ideology was the forcible removal of the indigenous population. Indispensable for anyone interested in the current crisis in the Middle East.

Editorial Review

From Publishers Weekly

Starred Review. In his latest work, renowned Israeli author and academic Pappé (*A History of Modern Palestine*) does not mince words, doing Jimmy Carter one better (or worse, depending on one's point of view) by accusing Israel of ethnic cleansing and crimes against humanity beginning in the 1948 war for independence, and continuing through the present. Focusing primarily on Plan D (Dalet, in Hebrew), conceived on March 10, 1948, Pappé demonstrates how ethnic cleansing was not a circumstance of war, but rather a deliberate goal of combat for early Israeli military units led by David Ben-Gurion, whom Pappé labels the "architect of ethnic cleansing." The forced expulsion of 800,000 Palestinians between 1948-49, Pappé argues, was part of a long-standing Zionist plan to manufacture an ethnically pure Jewish state. Framing his argument with accepted international and UN definitions of ethnic cleansing, Pappé follows with an excruciatingly detailed account of Israeli military involvement in the demolition and depopulation of hundreds of villages, and the expulsion of hundreds of thousands of Arab inhabitants. An accessible, learned resource, this volume provides important inroads into the historical antecedents of today's conflict, but its conclusions will not be easy for everyone to stomach: Pappé argues that the ethnic cleansing of Palestine continues today, and calls for the unconditional return of all Palestinian refugees and an end to the Israeli occupation. Without question, Pappé's account will provoke ire from many readers; importantly, it will spark discussion as well.

Ground breaking research into a well kept Israeli secret. A classic of historical scholarship on a taboo subject by one of Israel's foremost New Historians. -- *Ghada Karmi - Institute of Arab and Islamic Studies,*

Ilan Pappé is Israel's bravest, most principled, most incisive historian. -- *John Pilger - author, journalist, and filmmaker*

Pappé has opened up an important new line of inquiry into the vast and fateful subject of the Palestinian refugees. His book is rewarding in other ways. It has at times an elegiac, even sentimental, character, recalling the lost, obliterated life of the Palestinian Arabs and imagining or regretting what Pappé believes could have been a better land of Palestine. -- *Times Literary Supplement, 04/26/2007*
