### **You Make Me Better** By AshleyNicole

Interior Designer Kallie Swanson just landed the biggest job of her career. Things are definitely looking up. She has her own business. She has the love and support of her family and friends. There's no man in her life and hasn't been for months, but that's a non-issue. All that matters, is that her business is moving in the right direction. She is on cloud nine.

Contractor Nathan Stemble is a grouch of a man with a horrible attitude and a huge chip on his shoulders. He has neither the patience nor the time for companionship and even less time for life's physical pleasures. People in general are a pain to deal with and if that person just happens to be a woman, multiply that pain by ten. It's been a year since he's dealt with one and the way it's going, it will be another year before he even considers it.

All that changes the day he meets Kallie. After a not-so-pleasant introduction and even less pleasant early interactions, they find themselves on the best date of either of their lives. A night of passion, and bunch of confusion begins their journey towards love. Nathan needs a lot of healing that only Kallie can provide. Through it all, she forges through, forcing him to deal with his demons. He might not have wanted a woman before, but he definitely needs Kallie to help guide him through issues he's refused to deal with his entire life. If she can get him to face his problems head on, maybe-just maybe, she can make him better.
