A History of the Global Economy: 1500 to the Present From Cambridge University Press

Why are some parts of the world poor today, while others are rich? At which point in time did they diverge, and what were the reasons? These core questions are addressed in a concise and accessible introduction to global economic development since 1500. Leading economic historians from across the globe provide overviews of major world regions together with global comparison chapters and case studies highlighting key themes, individuals, processes and events. Utilising a set of common developmental indicators, the chapters address crucial issues such as how international trade and migration, institutions and flows of physical and human capital impacted economic growth. Richly illustrated with informative figures, maps, tables and charts, A History of the Global Economy summarises the key economic findings, debates and ideas, and provides students and the interested public with an up-to-date and engaging introduction to the origins and evolution of today's global economy.

Editorial Review

Review

'The coverage devoted to developing countries is especially valuable ... each chapter gives a reasonable overview of the state of research and current understanding on its region, making this useful as a text for a basic course in world economic history or as reference point for those unfamiliar with a particular region ... Highly recommended. General readers through faculty.' J. L. Rosenbloom, Choice

About the Author

Joerg Baten served as Secretary General of the International Economic History Association and is still active in its Executive Committee. Recently, he was elected as president of the European Historical Economic Society. Baten created new research fields of numeracy development in long-term perspective and added a global perspective to studies on the biological stand of living (using height as indicator).
