Ionic 2 Blueprints By Indermohan Singh

Key Features

- Create amazing, cross-platform hybrid native apps using a projects-based approach
- Discover ways to make the best use of the latest features in Ionic to build on a wide array of applications
- This is the right learning curve for you if you want to take the leap from an intermediate-level to a pro front-end developer with Ionic

Book Description

Ionic 2, the latest version of Ionic Mobile SDK, is built on the top of latest technologies such as Angular 2, TypeScript, SASS, and lot more. The idea behind Ionic 2 is to make the entire app development process even more fun.

This book makes it possible to build fun and engaging apps using Ionic 2. You will learn how to use various Ionic components, integrate external services, derive capabilities, and most importantly how to make professional apps with Ionic 2. It will help you in understanding the fundamentals of Ionic 2 app development and will show how to build applications, gradually increasing your capabilities and the complexity of applications so that you can learn Ionic app development in a consistent and convenient way.

You will also explore services such as Firebase, using LocalStorage, the WordPress JSON API, and REST API, which will help you turn your next billion dollar idea into reality.

By the end of this book, you will be able to proudly call yourself a pro Ionic developer who can create a host of different apps with Ionic, and you'll have a deeper practical understanding of Ionic.

What you will learn

- Get to grips with the features of Ionic for application development
- Build a Chat app with Firebase and Ionic
- Make a stock tracking app using the third-party REST API and build its layouts

- with Ionic Navigation and Pages
- Use Cordova plugins with Ionic to build a media player app
- Create a production-ready application by using Ionic components, services, and Firebase as a back end
- Get to know the best practices to create real-time Ionic applications

About the Author

Indermohan Singh is a freelance JavaScript developer with an interest in AngularJS, React, Ionic, TypeScript, and ES6. For the last two years, he has worked mostly on Ionic, creating mobile apps for various start-ups and organizations.

Almost two years ago, he started a blog (<https://inders.in>) where he writes about Ionic, AngularJS, and JavaScript. As an open source enthusiast, he frequently create demos and publishes them through Github (<https://github.com/imsingh>).

He also gave a talk on Ionic 2 at the Mobile App Europe Conference, Berlin, last year. He frequently teaches about mobile development, AngularJS, and Ionic at Codementor, where he is a featured expert on Ionic. He was also invited by his alma mater to teach programming as a guest lecturer.

Apart from coding, Indermohan is very interested in music. When he is not coding, he is composing a new song. He sometimes posts his songs on SoundCloud (<http://soundcloud.com/indermohan-singh-2/stats>). He is also the creator of an Indian Classical Music Search Engine for Ragas named Ragakosh. For his idea of a search engine, he was select by MIT Media Lab for the Entrepreneurship Bootcamp 2015.

He was also a technical reviewer of Learning Ionic, Arvind Ravulavaru, Packt Publishing.

Users Review

From reader reviews:

Ruth Davis:

Here thing why this specific Ionic 2 Blueprints are different and dependable to be yours. First of all reading through a book is good but it depends in the content than it which is the content is as scrumptious as food or not. Ionic 2 Blueprints giving you information deeper since different ways, you can find any reserve out there but there is no reserve that similar with Ionic 2 Blueprints. It gives you thrill reading journey, its open up your own eyes about the thing which happened in the world which is might be can be happened around you. It is easy to bring everywhere like in park your car, café, or even in your approach home by train. When you are having difficulties in bringing the printed book maybe the form of Ionic 2 Blueprints in e-book can be your substitute.

Darius Cramer:

This Ionic 2 Blueprints tend to be reliable for you who want to be described as a successful person, why. The key reason why of this Ionic 2 Blueprints can be on the list of great books you must have is actually giving you more than just simple studying food but feed you with information that perhaps will shock your before knowledge. This book is handy, you can bring it everywhere and whenever your conditions in e-book and printed versions. Beside that this Ionic 2 Blueprints forcing you to have an enormous of experience including rich vocabulary, giving you test of critical thinking that we understand it useful in your day activity. So , let's have it appreciate reading.

Carmel Smith:

Reading a guide can be one of a lot of task that everyone in the world likes. Do you like reading book thus. There are a lot of reasons why people fantastic. First reading a book will give you a lot of new facts. When you read a e-book you will get new information mainly because book is one of a number of ways to share the information as well as their idea. Second, looking at a book will make anyone more imaginative. When you reading through a book especially fictional book the author will bring that you imagine the story how the characters do it anything. Third, you can share your knowledge to some others. When you read this Ionic 2 Blueprints, you can tells your family, friends and soon about yours publication. Your knowledge can inspire others, make them reading a publication.

Robert Vargas:

Do you one of the book lovers? If yes, do you ever feeling doubt while you are in the book store? Aim to pick one book that you never know the inside because don't judge book by its deal with may doesn't work here is difficult job because you are afraid that the inside maybe not as fantastic as in the outside appear likes. Maybe you answer could be Ionic 2 Blueprints why because the amazing cover that make you consider regarding the content will not disappoint anyone. The inside or content is actually fantastic as the outside as well as cover. Your reading 6th sense will directly make suggestions to pick up this book.
