Editorial Review

Review

"As a former instructor at the Chicago Mercantile Exchange and founder of Commodity Boot Camp, I wish this book were given out by every instructor in our classes. It is a nice overview of the pitfalls and opportunities that exist in day trading. Before you go down the day trading path, spend time and seriously consider reading this "easy to read" overview." -- *Neal Weintraub, Professional Author, Trader, & Instructor*

"I have been trading for 22 years, full-time for over 16 years. There are few traders out there who I feel have a well-rounded understanding of what is necessary to be a successful trader. After reading *The Complete Guide to Day Trading*, I feel that Markus Heitkoetter is one of those traders.

In trading, context is everything. You can have great entry and exit signals, but if you don't address other important factors such as money management, fear, greed, and developing a trading plan, you only have a small part of a big puzzle. This is what I like about *The Complete Guide to Day Trading* - it provides the context necessary to cover other critical aspects of success.

I would highly recommend *The Complete Guide to Day Trading* as preparation for anyone who is considering day trading... It will save you many, many costly mistakes while setting up a solid foundation from which to build your day trading plan." -- *Ryan Jones, Author of The Trading Game: Playing By The Numbers to Make Millions*

"If you are interested in day trading, this is definitely a book you must check out before jumping in. Easy to read and understand, entertaining, and right to the point... A great book from Markus Heitkoetter!" -- *Francesc Riverola, CEO & Founder of FXstreet.com*

"If you're looking for a great trading book that shows you how to profit from a balance of technical tools and usable trading experience lessons, look no further." -- *Glen Larson, President and CEO of Genesis Financial Technologies*

"There are plenty of books out there that can teach you about daytrading, but I'm not sure there are any other books like Markus Heitkoetter's *The Complete Guide to Day Trading*. What I especially like about the book is that for an experienced trader like myself, the book was a terrific review down "memory lane"...Heitkoetter's book had me get focused on doing things right again." -- *Norman Hallett, CEO of Subconscious Training Corporation*

From the Author

"I wrote *The Complete Guide to Day Trading* a bit like a road map, or a how-to manual. Nothing would make me happier than if every copy we sell becomes mangled and beat up, filled with creased spines, dog-eared pages, and notes scribbled in margins. That's the whole point - it's a hands-on guide to trading success."

About the Author

Markus Heitkoetter began trading in high school, and he's been going strong ever since.

In 2005, he launched Rockwell Trading® to fill the void of quality education that he saw in the trading

industry. Markus has since taught hundreds of traders and investors all over the world how to make consistent profits in the U.S. and European markets. He offers educational webinars for the CME, Eurex, FXstreet, Strategy Runner, and many other financial companies. He's written articles on over 500 websites, and he's become an expert contributor on ezinearticles.com, Yahoo Answers, and FAQTs.com.
