### **Editorial Review**

From the Publisher

There is a popular belief (which, I am told, is based on fact) that some men will make love and then roll over and go to sleep. If it is true, then the question is, "Why?"

The answer, quite simply, is that they are drained of magical energy. Note that I said magical energy. In many instances that same man could go out and exercise for hours and be energized — not so exhausted that he falls asleep. Why?

When I read the manuscript for *Modern Sex Magick*, it became obvious. In this book, author Donald Michael Kraig reveals that the secret of Kabbalistic sex magick is that you must work with the energy raised during sexual excitation. If you don't, it is simply lost. It is that drain of energy which exhausts some men after sex.

This is the first book to show the importance of directing the energy and working with it rather than merely focusing on a goal. It is this missing element that puts this book on a level of its own.

If that were all this book included, it would be enough. But there is much more that has never been published in one place before.

Did you know there was a hidden history of Kabbalistic sex magick? It's revealed here.

Did you know that men are capable of having multiple orgasms? The technique is in this book.

Did you know that all women have the potential to ejaculate like a man? The secrets are shared in this volume.

Did you know that extreme sensation and sensory deprivation can make sex magick more powerful? The exact techniques are included here.

Put that together with more than ten rituals, beautiful illustrations, the sixteen theorems of magick and sex magick plus Don's famous clear writing style, and you have one of the most important books on the subject ever published.
