SPIRITS OF THE BAYOU (The Spirits Series Book 2) By Morgan Hannah MacDonald

EVIL HAS A FACE

The children of New Orleans are disappearing one by one. No bodies have been found. No ransom demands made. Poor or Rich. Black or White. Boy or Girl. The kidnapper does not play favorites.

PRAY

Nineteen year-old Jon-Luc Boudreaux is trying to manage his gift. He's a psychic medium. In other words, he sees the dead. They appear to him as living, breathing people. At times it's hard to know the difference. One night he is visited by the ghost of a young girl named Charlotte. Her message is simple: Save the children.

THAT EVIL

Jon-Luc has no idea how to do that. He's not a cop. He knows nothing about finding missing kids. He tries to ignore her, but Charlotte won't leave him alone until he promises to help. Since her visits started, he's had some very disturbing visions. When the signs begin to point toward Voodoo, he has no choice but to find an expert.

DOES NOT

Celestine Glapion is a Voodoo Priestess and a descendant of the great Marie Laveau. The minute Jon-Luc walks into her family's shop, she remembers him, but he has no memory of her. So when Mama Arelia tells her she must help with this crisis, she's reluctant to work side-by-side with Jon-Luc. But she'll do anything for the sake of those innocent lives.

FIND YOU

Their journey takes them to the underbelly of New Orleans where dark magic lives. Jon-Luc escapes death not once, but twice, and still he pushes on. Knowing time is running out, the kidnapper speeds up the schedule. Now the children's lives hang in the balance and only Jon-Luc holds the key to their survival. Can he rescue them in time?

REALLY LIKED IT!

Read from April 10 to 11, 2016

It's not often an author goes back and writes a book about a character from a previous book. We met Jon-Luc Boudreaux in *Spirits Among Us* as an adult. He is a clairvoyant that can see the dead and who went on to work for the FBI and helped solve many cases with his gift before burning out and quitting. In *Spirits of the Bayou* we go back to his childhood in Louisiana and get to see when his "gift" first activated and then how he helped solve a case of children being kidnapped.

The majority of this story is a 19 year old Jon-Luc who is still struggling with his gift when a ghost of a little girl keeps haunting him in his dreams and transporting him to a grisly site of all the dead children. She wants him to help the children.

This book is heavy in the Voodoo and Hoodoo culture - which is something I love. The backdrop of the Louisiana bayous, evil beings casting spells, the good voodoo priestess that help combat the evil hoodoo all make for a compelling story.

If you love spooky romances I recommend giving this series a try. Each book has different aspects of the supernatural and you're captivated from beginning to end.

IT WAS AMAZING!

I was given an ARC of *Spirits of the Bayou* for an honest review and this is my review.

I know this is the third book in the series but somehow I missed thesecond book and when I noticed this was the prequel to the second book I was excited that I was reading about Luc's early days first and I think that is why I enjoyed this book so much. I loved learning how he dealtwith learning and about his gift and what led him to choosing toeventually pursue a career in law enforcement.

As for this story what can I say? It was twisted on many levels with all of the voodoo stuffthat was going on but I did enjoy it and how can one help but not fallfor Luc as a character?

This book gets five out of five stars from me.
