Economics By Douglas McTaggart, Christopher Findlay, Michael Parkin

High quality, engaging content for students...ultimate flexibility for educators

The seventh edition of this benchmark Australian text continues to offer students a comprehensive and relevant introduction to economics whilst offering educators the ability to customise and deliver content – your way.

Economics 7th edition provides a streamlined approach to study and recognises the difficulties some students may face in comprehending key concepts. By leaving the more technical content and application until later, students can enjoy the more exciting policy material from the beginning and engage with the content early.

Through compelling examples, clear explanations and the latest instructive on-line resources, the text draws students into the content and reinforces learning through practice and solving problems which are relevant to them.

The authors train students to think about issues in the way real economists do, and learn how to explore difficult policy problems and make more informed decisions by offering a clear introduction to theory and applying the concepts to today's events, news, and research.

Editorial Review

Users Review

From reader reviews:

Irving Gaston:

What do you think of book? It is just for students since they're still students or it for all people in the world, what the best subject for that? Just simply you can be answered for that question above. Every person has different personality and hobby per other. Don't to be forced someone or something that they don't want do that. You must know how great as well as important the book Economics. All type of book would you see on many options. You can look for the internet solutions or other social media.

Larisa Nagle:

As people who live in typically the modest era should be update about what going on or information even knowledge to make these keep up with the era that is always change and advance. Some of you maybe can update themselves by studying books. It is a good choice to suit your needs but the problems coming to you actually is you don't know which one you should start with. This Economics is our recommendation to help you keep up with the world. Why, because this book serves what you want and wish in this era.

William Reyes:

Hey guys, do you really wants to finds a new book to study? May be the book with the concept Economics suitable to you? Often the book was written by popular writer in this era. The book untitled Economics is one of several books which everyone read now. This particular book was inspired many people in the world. When you read this publication you will enter the new way of measuring that you ever know prior to. The author explained their plan in the simple way, so all of people can easily to understand the core of this book. This book will give you a lot of information about this world now. To help you see the represented of the world on this book.

Daryl Sanders:

Reading a publication can be one of a lot of activity that everyone in the world enjoys. Do you like reading book so. There are a lot of reasons why people fantastic. First reading a reserve will give you a lot of new details. When you read a guide you will get new information simply because book is one of many ways to share the information or even their idea. Second, reading a book will make an individual more imaginative. When you looking at a book especially fiction book the author will bring someone to imagine the story how the people do it anything. Third, it is possible to share your knowledge to other individuals. When you read this Economics, it is possible to tells your family, friends in addition to soon about yours publication. Your

knowledge can inspire the mediocre, make them reading a reserve.
