How to Really Love Your Adult Child: Building a Healthy Relationship in a Changing World By Gary Chapman, Ross Campbell M.D.

More than 10 years after *Parenting Your Adult Child* was published, much has changed—including young adults themselves, and even their parents. Economic upheavals, challenges to traditional values and beliefs, and the phenomenon of over-involved "helicopter parenting," all make relating to grown children more difficult than ever.

Yet at the same time, being a parent of an adult child can bring great rewards. This revised and updated version of Dr. Gary Chapman's and Dr. Ross Campbell's message will help today's parents explore how to really love their adult child in today's changing world. The book includes brief sidebars from parents of adult children and adult children themselves with their own stories. An online study guide is also available.
