Furniture Design By Jim Postell

The comprehensive guide to furniture design— expanded and updated

Furniture designers draw on a range of knowledge and disciplines to create their work. From history to theory to technology, *Furniture Design* offers a comprehensive survey of the essential craft- and practice-related aspects of furniture design.

Generously illustrated with photographs and drawings—including a new color section—this *Second Edition* features updated coverage of material specifications, green design, digital design, and fabrication technologies. It also features twenty-five case studies of furniture design that represent a broad selection of works, designers, and techniques, including recent designs produced within the last decade.

The book explores:

- Furniture function and social use
- Form, spatial organization, and typological orders
- Structural integrity and composition
- Accessibility, universal design, human factors, and ergonomics
- The design process, from schematics through fabrication
- Materials, processes, and methods of fabrication
- Professional practice and marketing
- The history of furniture design, from prehistory to the digital age

Complete with a glossary of terms and a comprehensive bibliography, *Furniture Design, Second Edition* is a one-stop resource that furniture designers will turn to regularly for the advice, guidance, and information needed to perform their craft.

Users Review

From reader reviews:

Enrique Myers:

Book is to be different for every grade. Book for children until adult are different content. As it is known to us that book is very important for us. The book Furniture Design seemed to be making you to know about other expertise and of course you can take more information. It is extremely advantages for you. The guide Furniture Design is not only giving you much more new information but also to get your friend when you truly feel bored. You can spend your spend time to read your book. Try to make relationship while using book Furniture Design. You never sense lose out for everything if you read some books.

Nancy Wiersma:

This Furniture Design book is just not ordinary book, you have after that it the world is in your hands. The benefit you get by reading this book is information inside this book incredible fresh, you will get info which is getting deeper a person read a lot of information you will get. This kind of Furniture Design without we know teach the one who reading it become critical in thinking and analyzing. Don't always be worry Furniture Design can bring if you are and not make your carrier space or bookshelves' come to be full because you can have it inside your lovely laptop even mobile phone. This Furniture Design having very good arrangement in word and layout, so you will not sense uninterested in reading.

Bobbi Brunner:

Information is provisions for people to get better life, information nowadays can get by anyone at everywhere. The information can be a knowledge or any news even restricted. What people must be consider whenever those information which is from the former life are hard to be find than now is taking seriously which one is acceptable to believe or which one the resource are convinced. If you get the unstable resource then you buy it as your main information we will see huge disadvantage for you. All those possibilities will not happen within you if you take Furniture Design as the daily resource information.

Eileen Vaughan:

Don't be worry when you are afraid that this book can filled the space in your house, you might have it in e-book technique, more simple and reachable. That Furniture Design can give you a lot of pals because by you checking out this one book you have thing that they don't and make you actually more like an interesting person. That book can be one of a step for you to get success. This book offer you information that probably your friend doesn't recognize, by knowing more than some other make you to be great people. So , why hesitate? We should have Furniture Design.
