The G Spot: And Other Discoveries about Human Sexuality By Alice Khan Ladas, Beverly Whipple, John D. Perry

The groundbreaking *New York Times* bestseller now available for the first time in trade paperback, with a new Introduction

When it was originally published in 1982, *The G Spot* was the first book to prove the existence and define the location of the Gräfenberg spot, a patch of erectile tissue that can be felt through the front wall of the vagina, directly behind the pubic bone. In print continuously for twenty-two years, it has sold more than 1,000,000 copies to date international.

This first-ever trade paperback edition includes a new introduction by Dr. Hilda Hutcherson, author of *What Your Mother Never Told Your about S-E-X*, which brings the research in the book up-to-date and explains its continued relevance. Now a new generation of men and women can take advantage of the insights and practical suggestions of this classic work.

Users Review

From reader reviews:

Charles Settles:

Exactly why? Because this *The G Spot: And Other Discoveries about Human Sexuality* is an unordinary book that the inside of the reserve waiting for you to snap the item but latter it will jolt you with the secret the idea inside. Reading this book next to it was fantastic author who also write the book in such amazing way makes the content inside easier to understand, entertaining method but still convey the meaning fully. So , it is good for you because of not hesitating having this nowadays or you going to regret it. This phenomenal book will give you a lot of rewards than the other book possess such as help improving your skill and your critical thinking technique. So , still want to hold up having that book? If I have been you I will go to the book store hurriedly.

Candice Sharkey:

The book untitled *The G Spot: And Other Discoveries about Human Sexuality* contain a lot of information on this. The writer explains the woman idea with easy method. The language is very simple to implement all the people, so do certainly not worry, you can easy to read that. The book was published by famous author. The author gives you in the new age of literary works. You can actually read this book because you can read more your smart phone, or model, so you can read the book with anywhere and anytime. In a situation you wish to purchase the e-book, you can wide open their official web-site in addition to order it. Have a nice go through.

Pedro Gonzales:

Many people spending their period by playing outside with friends, fun activity together with family or just watching TV the whole day. You can have new activity to shell out your whole day by looking at a book. Ugh, ya think reading a book will surely hard because you have to take the book everywhere? It fine you can have the e-book, taking everywhere you want in your Cell phone. Like The G Spot: And Other Discoveries about Human Sexuality which is having the e-book version. So , why not try out this book? Let's see.

Mildred Shaw:

As a college student exactly feel bored to reading. If their teacher questioned them to go to the library as well as to make summary for some guide, they are complained. Just little students that has reading's heart and soul or real their hobby. They just do what the trainer want, like asked to go to the library. They go to right now there but nothing reading very seriously. Any students feel that examining is not important, boring as well as can't see colorful pictures on there. Yeah, it is to be complicated. Book is very important to suit your needs. As we know that on this era, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. Therefore , this The G Spot: And Other Discoveries about Human Sexuality can make you truly feel more interested to read.
