**The Handbook of Blended Learning: Global Perspectives, Local Designs** By Curtis J. Bonk, Charles R. Graham

This comprehensive resource highlights the most recent practices and trends in blended learning from a global perspective and provides targeted information for specific blended learning situations. You'll find examples of learning options that combine face-to-face instruction with online learning in the workplace, more formal academic settings, and the military. Across these environments, the book focuses on real-world practices and includes contributors from a broad range of fields including trainers, consultants, professors, university presidents, distance-learning center directors, learning strategists and evangelists, general managers of learning, CEOs, chancellors, deans, and directors of global talent and organizational development. This diversity and breadth will help you understand the wide range of possibilities available when designing blended learning environments. Order your copy today!

## **Editorial Review**

### Review

"...the most thorough book on blended learning on the market today." (*Educational Pathways*, June 13, 2006)

### Review

"Learn from successful blended applications that deal with a broad range of educational and training contexts through innovative methods."

--Michael W. Allen, author, *Michael Allen's Guide to e-Learning*, and CEO, Allen Interactions Inc.

"The landscape of blended learning is intriguing, exciting, and perilous. Thank you, Curt and Charles, for assembling this wonderful group of thought leaders and pioneers, organizing their provocative outputs, providing a functional prologue and epilogue, and developing this comprehensive handbook."

--Sivasailam "Thiagi" Thiagarajan, president, Thiagi Group, and author, *Design Your Own Games and Training Activities*

"Invaluable for any educator seeking to understand the design, implementation, and study of next-generation learning experiences."

--Chris Dede, Wirth Professor in Learning Technologies, Harvard Graduate School of Education

"Filled with insight and lessons learned from some of the most experienced online and in-person educators in the workplace and higher education!"

--Zane L. Berge, associate professor, University of Michigan Business College

### From the Back Cover

***The Handbook of Blended Learning*** (HOBLe) offers a comprehensive resource that highlights the most recent practices and trends in blended learning from a global perspective and provides targeted information for specific blended learning situations. The book provides examples of learning options that combine face-to-face instruction with online learning in both the workplace as well as more formal academic settings. Across these environments, The HOBLe focuses on real-world blended learning practices. The authors provide an important resource for the providers of adult learning to better understand the wide range of possibilities available when designing blended learning environments.

***The Handbook of Blended Learning*** provides direction where blended learning may find effective application in online environments within higher education as well as corporate and military training. To address the diversity of readers, The HOBLe includes contributors from a broad range of fields including trainers, consultants, professors, university presidents, distance-learning center directors, learning strategists and evangelists, general managers of learning, CEOs, chancellors, deans, and directors of global talent and organizational development.

The HOBLe is filled with illustrative and interesting stories, models, and examples that can help foster intelligent decisions regarding blended learning across a wide variety of settings.

"Learn from successful blended applications that deal with a broad range of educational and training contexts through innovative methods."

—Michael W. Allen, author, Michael Allen's Guide to e-Learning, and CEO, Allen Interactions Inc.
