Winter of the Wolf: The Wild Hunt Legacy (Volume 2) By Cherise Sinclair

I would recommend this book to anyone who enjoys paranormal, sexy ménage, and alpha male heroes who have the right combination of dominant, bad ass and scary without ever being mean... ~ Accolades and Book Burnings

After years in foster care, Breanne Gallagher has the stable life she's always wanted, living with her foster-sister and working as a chef. Then one devastating night, a hellish creature invades her apartment and shatters her fragile existence. Shifting between monster and man, it slaughters her foster sister and assaults Bree. Alone, wounded, her beloved home tainted by gruesome memories, Bree flees to a tiny wilderness town, following her only clue to her past.

Shapeshifting warriors, Zeb and Shay move from one pack to another, hunting the hellhounds which prey on their kind. Assigned to Cold Creek, they manage a decrepit fishing lodge for their "human" cover. Their first renter is a pretty human female who trembles at the sight of them—yet stands her ground. She's foolishly courageous, ferociously determined, and heartbreakingly hurt. Although shapeshifters aren't attracted to humans, this female's beauty and compelling scent ignites longings neither loner ever expected to face.

Bree is healing, learning to shoot the biggest pistol she can find, and overcoming her fears, especially of the two deadly, disconcertingly attractive hunters. Her life is back on track...until she tries to save a little girl from a hellhound and discovers that everything she knows about herself is false.

Editorial Review

About the Author

A New York Times and USA Today bestselling author, Cherise Sinclair is renowned for writing heart-wrenching romances with laugh-out-loud dialogue, alpha males, and absolutely sizzling sex.

I met my dearheart when vacationing in the Caribbean. Now I won't say it was love at first sight. Actually since he stood over me, enjoying the view down my swimsuit top, I might have been a tad peeved—as well as attracted. But although we were together less than two days and lived on opposite sides of the country, love can't be corralled by time or space.

We've now been married for many, many years. (And he still looks down my swimsuit tops.)

Nowadays, I live in the west with this obnoxious, beloved husband, a puppy with far too much energy, and a cat who rules us with a fuzzy, iron paw. I'm a gardener, and I love nurturing small plants until they're big and healthy and productive...and ripping defenseless weeds out by the roots when I'm angry. I enjoy thunderstorms, collecting eggs from the chickens, and visiting the local brewery for the darkest, maltiest beer on tap. My favorite way to spend an evening is curled up on a couch next to the master of my heart, watching the fire, reading, and...well...if you're reading my books, you obviously know what else happens in front of fires.
