Pathophysiology: A Self-Instructional Program

By Mary V. Burns

Pathophysiology: A Self-Instructional Program By Mary V. Burns

This unique, introductory pathophysiology book covers how the disease process manifests itself in the human body, as well as common diseases of major organs and all body systems. Written in a self-study format, material is presented in frames which allow students to interact with the text. Review throughout the book and questions at the end of each section reinforce the material. A self-test is also included to help students evaluate their grasp of the material. Pharmacy students, physical therapy students, chiropractic students and other health profession students taking a human disease course.
