## Revealing The Mystery Behind the World of Jinn By Salim Ahmad

Salim Ahmad's *An Invisible World: Revealing the Mystery Behind the World of Jinn* describes the highly complex and mysterious creatures known as the Jinn. This is the first book to delve beyond mere mythology and conduct a researched investigation into the mysterious world behind our world where the Jinn exist. The world of the Jinn is not a territory that is easy to explore or venture into deeply, not even for one who aims to reveal the vast secrets of that unseen world. But, armed with very elementary knowledge of the Jinn's world, we may at least be familiar with something of their history, background, identity, types, characteristics, habits, and various other aspects of these beings who come from a different dimension, but who share this same universe with us. Impeccably researched, *An Invisible World: Revealing the Mystery Behind the World of Jinn* will be a sure hit with readers of paranormal nonfiction, or anyone interested in this rarely examined topic.
