The Practice of Japanese Acupuncture and Moxibustion: Classic Principles in Action By Ikeda Masakazu

The Practice of Japanese Acupuncture and Moxibustion: Classic Principles in Action is an in-depth introduction to a form of treatment practiced in Japan that is based on the classics of Oriental medicine. It provides a bridge for traditionally trained students and practitioners who are having difficulty transferring their knowledge of Japanese acupuncture and moxibustion into clinical practice, and will inform the reader's work with the breadth and depth of the classics. It is a very popular book in Japan. Part One provides the basic information needed to understand and diagnose the most common patterns of disease. Part Two sets forth guidelines for treating a wide variety of disorders including those affecting the musculoskeletal, nervous, respiratory, cardiovascular, and urogenital systems. Case histories and drawings vividly illustrate the theoretical discussion of each disorder and its treatment. An introduction by the translator illuminates certain aspects of this work which may be unfamiliar to students in the West.

Editorial Review

About the Author

Ikeda Masakazu graduated from Meiji Oriental Medical Institute in 1968. Since that time he has devoted himself to the clinical practice of acupuncture, moxibustion, and herbal medicine. He has taught many apprentices and presented numerous seminars in Japan as well as in Australia and the United States. He is the author of over 20 books in Japan, among them a well-known handbook series featuring clinical interpretations of the classics, including *Basic Questions*, *Divine Pivot*, *Classic of Difficulties*, and *Discussion of Cold Damage*. Ikeda Sensei is currently the academic director of the Meridian Therapy Association of Japan, and is in private practice on the island of Shikoku.

Users Review

From reader reviews:

Elliott Townsend:
